*Report from the Executive Director
Michelle Komlofske*

This year, your gift was especially important! Your generosity enabled the Western Kansas Community Foundation to reach its matching challenge with the Kansas Health Foundation (KHF) one year sooner than expected! This means the KHF's Children's Health Fund will grow by \$700,000 this year. THANK YOU for your support and dedication! Those famous words, "anything is possible," certainly rings true for our friends in western Kansas. Just think, as foundation assets grow, more charitable projects in the area will benefit. Dollars that stay in the community ensure a strong outlook for all of us! Every sector of the world is focused on the here and now.

Enduring social needs demand attention to genuinely improve the common good. Today's community begins right here in our hometowns. At a time when society is consumed by present challenges, you make it easy to imagine the future. Your vision is needed more today than ever before.

Embracing philanthropy will forever enhance the quality of life in western Kansas. Together we must engage people in conversations that enable them to better understand our mission. Together we must recognize the need for an even greater growth in our service to society. We must encourage others to join and honor those we look to serve. With your continued participation we move forward everyday.

My heartfelt thanks to you for sharing your generosity and your dreams. It is a privilege as a community foundation to play a role in affecting the future. What happens today paves the way for a healthy tomorrow. Philanthropy is about change and together we will make a differenceyou already have.

Garden City Community College Endowment Association, Commerce Trust Company of Garden City and Western Kansas Community Foundation, is proud to sponsor a **Stewardship Counseling** program every month. Appointments are offered at no cost to individuals and families who would like assistance in estate planning.

John Griffin serves a wide range of community foundations and private foundations across Kansas to offer this service. He also reviews existing estate plans free of charge. No products are sold or endorsed through this counseling process, just the opportunity to gain ideas. Stewardship Counseling is offered the fourth Thursday in each month. Please share your interest with any WKCF Board or staff member or call (620) 271-9484 for additional information.

What we do in this lifetime
echoes in eternity.

Kennedy and Coe is a proud supporter of
Western Kansas Community Foundation.

**"Helping clients transition family
businesses generation after
generation."**
